through leadership,
service and education.

Request approval to amend an existing Turnkey Hospital Information Systems (HIS) Agreement for High Desert Health System (HDH), Rancho Los Amigos National Rehabilitation Center (RLAMC), and Martin Luther King, Jr./Drew Medical Center (KDMC).

IT IS RECOMMENDED THAT YOUR BOARD:

Authorize the Interim Director of Health Services, or his designee, to execute Amendment Number Nine to Agreement Number 56649 with QuadraMed · Affinity Corporation (Compucare) and QuadraMed Corporation (collectively QMDC), effective upon Board approval; to increase Professional Services Pool dollars by \$616,262 at HDH and RLAMC; increase hardware maintenance dollars by \$381,191 at HDH, RLAMC, and KDMC for a total revised Contract Sum of \$65,217,957 for the entire Agreement term; and reassign certain currently specified Application Software modules among existing Phases XII, XIII and XIV and new Phases XV, XVI, XVII, XVIII, XIX, XX, XXI and XXII for HDH, RLAMC, and KDMC.

PURPOSE/JUSTIFICATION OF THE RECOMMENDED ACTION

Under the current Agreement, QMDC has been installing, developing identified modifications for, and maintaining Turnkey HIS for each of HDH, RLAMC, and KDMC. A provision in this Agreement allows

each facility to use up to a maximum amount of facility specific Professional Services Pool dollars for County-requested professional services.

Approval of the recommendations will allow the Interim Director to execute an Amendment, substantially similar to Exhibit 1, to increase Professional Services Pool dollars at HDH and RLAMC for activities related to the implementation of the Patient Accounting Application Software module (e.g., ad hoc report development, System Design Requests reports, training).

The recommended Amendment also increases hardware maintenance dollars at HDH, RLAMC, and KDMC. The increase will ensure continuous maintenance, upgrades, and modifications of the HIS at each of the facilities.

The recommended Amendment will reassign certain currently specified Application Software modules among existing Phases XII, XIII and XIV and new Phases XV, XVI, XVII, XVIII, XIX, XX, XXI and XXII for HDH, RLAMC, and KDMC. These Application Software modules were presented and approved by your Board on December 12, 2006 in Amendment Number Eight.

Implementation of Strategic Plan Goals

The recommended actions support Goal 4, Health and Mental Health, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

The recommended Amendment will increase the Contract Sum by \$997,453, for a revised total Contract Sum of \$65,217,957 for the entire Agreement term of December 31, 1996 through December 31, 2009. The term of the Agreement remains unchanged.

Funding is included in the 2009-10 Adopted Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On January 21, 1997, your Board authorized the Purchasing Agent to sign County Agreement Number 56649 with The Compucare Company (Compucare changed its name to QuadraMed Affinity Corporation in 2002) for the acquisition and maintenance of Turnkey HIS, including, but not limited to, clinical modules and hardware, for each of HDH, RLAMC, and KDMC for a five year term, effective December 31, 1996 through December 31, 2001.

On June 15, 1999, your Board approved Amendment Number One to acknowledge the corporate acquisition of Compucare by QuadraMed Corporation, effective March 3, 1999; and to add QuadraMed Corporation as a contractor under the Agreement, along

On December 9, 2003, your Board approved Amendment Number Five to extend the term of the Agreement through December 31, 2005; to upgrade certain System Hardware and System Software; to approve a new subcontractor related to certain System Hardware and System Software; to add a \$50 million limitation on QMDC's liability to County and exclusions for certain damages; to increase rates for maintenance services and for professional services; to increase pool dollars for KDMC for professional services; and to continue implementation of certain Application Software modules.

On April 20, 2005, your Board approved Amendment Number Six to revise the County standard contract terms regarding HIPAA.

On August 30, 2005, your Board approved Amendment Number Seven to extend the term of the Agreement through December 31, 2006; to purchase additional System Hardware and System Software; to increase rates for maintenance services and for professional services; to increase pool dollars for professional services; to add a new Phase X for a new Application Software module; to increase the maximum County obligation to \$40,096,669; and to continue implementation of certain Application Software modules.

This Agreement expires December 31, 2009. DHS plans to continue the ongoing, strategic partnership with QMDC beyond that date by returning to the Board to extend this Agreement. QMDC is highly rated and has effective Turnkey HIS applications.

County Counsel has approved Exhibit 1 as to form and the County's Acting Chief Information Officer recommends approval of this Amendment (see attached analysis).

Board approval of the recommended Amendment will ensure uninterrupted, continuous modifications, upgrades, and maintenance of the Turnkey HIS at each of HDH, RLAMC, and KDMC. The Turnkey HIS is the primary information system used throughout DHS that is utilized daily by both clinical and non-clinical staff.

Respectfully submitted,

CONTRACTOR shall correct any and all Deficiencies. COUNTY will notify CONTRACTOR of successful completion of each Integrated Functional Performance Test.

10.7 **Subtask 10.3 - Conduct Phase System Acceptance Test:**

Phases I - VI, and VIII - XXII: For each COUNTY Facility, the Phase System Acceptance Test for each of Phases I - VI, and VIII - XXII shall be as follows:

For each COUNTY Facility, COUNTY will review System performance, reconcile data output, and ensure consistency with Specifications for a period of ninety (90) days following Production Use of all Application Software modules in each of Phases I - VI, and VIII - XXII. For each such Phase, COUNTY will identify all Deficiencies in the test results for such Phase. COUNTY will document and provide evidence of such Deficiencies to CONTRACTOR within ten (10) working days following the ninety (90) day testing period. CONTRACTOR shall correct all identified Deficiencies within thirty (30) days, or as otherwise agreed to in writing by CONTRACTOR's Project Director and COUNTY's Project Director.

Phase VII: For each COUNTY Facility, the Phase System Acceptance Test for Phase VII shall be in two parts as follows:

- (1) The first part of the Phase System Acceptance Test shall be for CONTRACTOR to successfully bring all Application Software modules in Phase VII into Production Use.

[NOTE: CONTRACTOR and COUNTY currently anticipate that approximately one hundred and thirty (130) days after first Production Use of all Application Software modules in Phase VII, COUNTY's Oversight Project Director will request in writing, pursuant to Paragraph 17 (Task 17 - Other Professional Services), that CONTRACTOR provide to COUNTY other professional services to address any HIS-related installation issues which are not part of or related to CONTRACTOR's obligations under the Phase System Acceptance Test.]

- (2) The second part of the Phase System Acceptance Test shall be as follows:

For each COUNTY Facility, COUNTY will review System performance, reconcile data output, and ensure consistency with Specifications for a period of one hundred eighty (180) days following Production Use of all Application Software modules in Phase VII. For Phase VII, COUNTY will identify all Deficiencies in the test results for Phase VII. COUNTY will document and provide evidence of such Deficiencies to CONTRACTOR within fifteen (15) working days following the one hundred eighty (180) day testing period. CONTRACTOR shall correct all identified Deficiencies within thirty (30) days.

After CONTRACTOR has successfully corrected all identified Deficiencies for each COUNTY Facility, each COUNTY Facility will administer at least one simulated COUNTY fiscal year-end closing accounting cycle, review System performance, reconcile data output, and ensure consistency with Specifications for a period of sixty (60) days. COUNTY will identify all Deficiencies discovered in such simulated closing. COUNTY will document and provide evidence of all Deficiencies to CONTRACTOR within fifteen (15) working days following the sixty (60) day simulated COUNTY fiscal year-end closing cycle. CONTRACTOR shall correct all identified Deficiencies within thirty (30) days, or as otherwise agreed to in writing by CONTRACTOR's Project Director and COUNTY's Project Director.

10.8

- 10.3.19 - Phase XIX
- 10.3.20 - Phase XX
- 10.3.21 - Phase XXI
- 10.3.22 - Phase XXII

CONTRACTOR shall correct any and all Deficiencies. COUNTY will notify CONTRACTOR in writing of successful completion of each Phase System Acceptance Test.

10.9

Subtask 10.4 - Conduct Final System Acceptance Test:

For each COUNTY Facility, COUNTY will review System performance, reconcile data output, and ensure consistency with Specifications for a period of ninety (90) days following Production Use of all Application Software modules in the last Phase. Final System Acceptance Test shall replace the Phase System Acceptance Test for the last installed Phase under this Agreement. For the last such Phase, COUNTY will identify all Deficiencies in the test results for such Phase. COUNTY will document and provide evidence of such Deficiencies to CONTRACTOR within ten (10) working days following the ninety (90) day testing period. CONTRACTOR shall correct all identified Deficiencies within thirty (30) days, or as otherwise agreed to in writing by CONTRACTOR's Project Director and COUNTY's Project Director.

Project Acceptance assessment of System maximization and provide a Post-Final Project Acceptance Assessment Report as described in Subparagraph 16.1.

This Deliverable 16 shall be performed by a Subcontractor of CONTRACTOR which shall be an independent information technology consultant approved by COUNTY pursuant to Paragraph 16 (Subcontracting) of the body of this Agreement. The performance of this Deliverable 16 by such Subcontractor shall be authorized only pursuant to an Amendment to this Agreement pursuant to Paragraph 6 (Change Notices and Amendments) of the body of this Agreement. (See Subparagraph K (Payment Methodology for Post-Final Project Acceptance Assessment Report Specified in Exhibit A (Statement of Work)) of Paragraph V (Payment Schedule for Paragraph I (Schedule of Payments - High Desert Hospital), Paragraph II (Schedule of Payments - Rancho Los Amigos Medical Center), and Paragraph III (Schedule of Payments - Martin Luther King, Jr./Drew Medical Center) of this Exhibit B) of Exhibit B (Schedule of Payments).)

17. **TASK 17 - OTHER PROFESSIONAL SERVICES:**

- 17.1 For each COUNTY Facility, if requested in writing by COUNTY's Oversight Project Director, CONTRACTOR shall provide to COUNTY other professional services. CONTRACTOR shall provide such other professional services pursuant to Paragraph IV (Professional Services Pool Hours) of Exhibit B (Schedule of Payments). Attachment O (CONTRACTOR On-Site Support Staff) to this Exhibit A sets forth examples of the duties of CONTRACTOR on-site support staff that may provide such other professional services.

Notwithstanding the above, for each COUNTY Facility, if COUNTY's Oversight Project Director and COUNTY Facility's Chief Information Officer and CONTRACTOR's Project Director mutually determine that any other professional services requested by COUNTY's Oversight Project Director will require CONTRACTOR to make data changes in the live directory (defined for purposes of this Task 17 as the directory containing live patient data) of the System in Production Use, which data changes are performed either manually, or by use of a utility program, and without any code changes to the System and any other system, then (1) COUNTY's Oversight Project Director and COUNTY Facility's Chief Information Officer, in consultation with CONTRACTOR's Project Director, will consider the adverse consequences, if any, relating to the System and/or any other system, program, database or otherwise which may result from such other professional services, and (2) following such consideration, CONTRACTOR shall obtain the written approval of COUNTY's Oversight Project Director, COUNTY Facility's Chief Information Officer and Director for such request for other professional services.

17.2 **DELIVERABLE 17 - OTHER PROFESSIONAL SERVICES:**

For each COUNTY Facility, if requested in writing by COUNTY's Oversight Project Director, with the written approval of COUNTY Facility's Chief Information Officer and Director if required, pursuant to Subparagraph 17.1, CONTRACTOR shall provide other professional services as described in Subparagraph 17.1.

Project/Contract Description:

Request to amend Agreement Number 56649 with QuadraMed Affinity Corporation and QuadraMed Corporation (collectively QMDC), to increase Professional Services Pool dollars by \$616,261 at High Desert Health System (HDH) and Rancho Los Amigos National Rehabilitation Center (RLAMC); increase hardware maintenance dollars by \$381,190 at HDH, RLAMC and Martin Luther King Jr./Drew Medical Center (KDMC) and to reassign certain currently specified Application Software modules among existing Phases XII, XIII and XIV and new Phases XV, XVI, XVII, XVIII, XIX, XX, XXI and XXII for HDH, RLAMC and KDMC.

Background:

The Health Information System (HIS) is the core system at these facilities that maintains patient information and supports administrative/business and clinical care management. The original Agreement to acquire and maintain the HIS for HDHS, RLANRC, and K/DMC was authorized by your Board on January 21, 1997 for a five-year term (effective December 31, 1996 through December 31, 2001). Subsequently, your Board has approved eight Amendments to this Agreement.

This Amendment will:

- Increase the maximum Contract Sum by \$997,451 through the current contract term of December 31, 2009, with those funds being specifically designated for use at HDH, RLAMC and KDMC for professional services and hardware maintenance and support; and
- Reassign certain currently specified Application Software modules among existing Phases XII, XIII and XIV and new Phases XV, XVI, XVII, XVIII, XIX, XX, XXI and XXII for HDH, RLAMC and KDMC.

Project Justification/Benefits:

DHS has indicated that the increase in contract dollars is needed to supplement the existing Professional Services Pool dollars that are running short and will not sustain the project through the contract expiration date of December 31, 2009.

Regarding the reassignment of certain Application Software modules, under the language of the current agreement, all Application Software modules identified in a phase must successfully complete an Integrated Functional Performance Test (IFPT) and a Phase System Acceptance Test (SAT). If a facility elects to implement a phase and there are 4 modules in that phase but the facility only needs 3 of the 4 modules, they would not successfully complete the IFPT or SAT because they would have implemented only 3 of the 4 modules in the phase. This Amendment creates a one-for-one relationship between the phases and the modules (i.e.,

each phase has but 1 module) which will allow for the implementation and successful testing of only those modules that are needed.

Project Metrics:

DHS will continue to work closely with QMDC to ensure that the County is receiving maximum value for the dollars its spending under this Agreement.

Impact on Service Delivery or Department Operations, if Proposal Is Not Approved:

If this Amendment is not approved, DHS will not have sufficient funds to continue work under this contract through its expiration date of December 31, 2009.

Alternatives Considered:

There are no other alternatives available to DHS since the QMDC HIS system is a proprietary product of QMDC and all work performed on that system must be done by QMDC.

Project Risks:

No significant project risks have been identified.

Risk Mitigation Measures:

None required.

Financial Analysis:

The recommended Amendment will increase the total Professional Services Pool dollars as well as the maximum Contract Sum by \$997,453, for a revised total maximum Contract Sum of \$65,217,957 through the end of the current agreement term (December 31, 2009).

Funding is included in the DHS FY 2009-10 Adopted Budget.

CIO Concerns:

None.

CIO Recommendations:

The CIO recommends approval of this Amendment.
